

St Margaret's Hub

Let Us Connect You

hub@stmargaretspc.co.uk

Coronavirus is contagious.

Please take every precaution to ensure you are only spreading kindness. Avoid physical contact (2m distance). Wash your hands regularly. Items should be left on the doorstep.

It starts with an email or phone call

St. Margaret's Hub

The Parish Council have set up a Hub **to connect** those locals who wish to help with a neighbour who would like some help, or even those that just want a natter.

If you are already looking out for your next door neighbour, that is brilliant and do carry on. If you are not please give them a ring now 😊

However, we want to make sure nobody in St Margaret's falls through the net and to ensure lonely residents are brought together.

If you would like to volunteer, please email us or if you prefer to phone, please leave a message and someone will get back to you. Give us your name, address, postcode, email, phone number and whether you can help by ringing someone (don't underestimate the power of a chat) or whether you can offer more practical help, like picking up shopping, delivering prescriptions etc.

Those asking for support please include the same details and what help you would like. You may not even know until you have had that friendly chat.

This is unprecedented territory; we are all just trying to do our bit. This initiative is in addition to, and complements, the NHS Volunteer Army. Residents are allowed to leave their homes to provide care, or to help a vulnerable person, but need to do it carefully. The Hub will try to keep you updated with latest guidance by email and online.

We are all in this together
