

Proposal to start charging for parking all year round in Bay Car Park

What do you think?

There is a proposal to start charging for parking all year round in the Bay.

Currently it is 1st March - 31 Car Park. This will be voted **on Monday 15th Jan** 2024 at a Dover District Council's (DDC) Cabinet Meeting.

Your Parish Council will fight this, but it will be the views of the community, your thoughts, your pain, your indignation, and your good arguments that could swing this. Why should St Margaret's be exempt? Your voice matters!

- Proposal:
 - approx. £2.00/hour with a minimum charge of 50p plus the Ringo admin charge if not using cash
 - Mon- Sunday 8am – 6pm.
 - Resident season pass up from £55 for 8 mths - £100 for 12.

Scan the QR code or look on our website for further details and also see the proposal for charges at our village Reach Road park.

Please contact DDC **Cllr Charlotte Zosseder** who is responsible for community and corporate property, **Cllr Kevin Mills** as the leader of the council and **Cllr Jamie Pout** as the deputy leader. Copy in us if you can. By Monday for your view to be considered. Email is better but you can also write to them c/o *Dover District Council, White Cliffs Business Park, Whitfield, CT16 3PJ*
